Luxury treatment

Treatment with gold

Due to its electrical tasks, the gold increases skin vitality, which makes this treatment adding joy to your skin. For a skin that deserves much more, for the moments when you want to indulge yourself into the gold splendor, to reduce the time effects and to feel unique.

Two important results:

Deep hydration

Healthy and radiant skin

Body SPA procedure – Gold 24KA - 259lei/ person/ 50 min

The corporal 24k Gold therapy is based on a modern and complex technology which combines the pure properties of the 24K Gold with the nanoparticles system of the hyaluronic acid. By applying these products, the ingredients are absorbed to the deepest layer of the skin. The luxuriant relaxing massage is done with a rich nutritious oil of 24k GOLD particles that offers a good radiance, deep moisturizing, anti-age and lifting effects, a healthy and radiant skin.

Immediate results: skin tone regain and improvement of skin appearance and suppleness.

**The therapy can be made in Soft Pack System*

Soft-Pack System - a revolutionary invention in SPA treatments

You float on water, without getting wet, comfortably wrapped and heated, as for the body, it is packed in scented nutritional oils, mud, algae, depending on the choice. Or you can simply float, relax and enjoy the relaxing moment.

A soft and very resistant waterproof membrane which is filled with warm water at the right temperature that gently wraps you, while your body absorbs the applied products. Deep relaxation caused by warm temperature and flotation, increases the therapeutic effects of the applied products.

Soft-Pack-System is ideal for body wraps.

You can also apply facial treatments at the same time.

**Specialist advice: for maximum results, do 1-2 sessions per week, for 5-6 weeks.*
